CURRENT LAYOUT

PROPOSED DRAFT DESIGN

COMPARISON MODELS

Lightwell

An architectural rendering of a modern office lightwell. The space is characterized by a high ceiling with a grid of skylights and several large, circular, white-rimmed planters hanging from the ceiling, each containing green moss. The walls are made of light-colored wood and feature large glass windows. The floor is a light-colored wood. In the center, there are two long, curved, blue and grey modular sofas. Several people are shown in the space, some standing and some sitting on the sofas. The overall atmosphere is bright and airy.
