# Message from District Leadership

Dear Briarcliff UFSD Families:

As a school community, we have a great deal to be excited about. Cognizant that the pandemic is not yet over, District staff have returned to normal operations including enriched opportunities for students at every level. As we plan for the 2022-2023 school year, the question is not if but how can we engage students in the full complement of educational programs and activities? How can we leverage our new knowledge and capabilities to improve student experiences while improving educational outcomes? And how can we better engage with parents as partners in our mission to create knowledgeable, confident, and capable young adults?

In collaboration with the Board of Education, the District's leadership team has developed a budget plan that reflects our educational priorities and will improve our classrooms and building infrastructure. In addition to continuing our commitment to student social and emotional well-being K-12, the District will be introducing a new reading program at Todd, expanding opportunities in engineering, computer science and robotics at the Middle and High schools, providing new furniture to 56 classrooms and overhauling our classroom heating and cooling systems districtwide.

What will *not* change is the District's commitment to our students and their families. Through a wide array of educational programs and support for students to a robust and evolving professional development program for teachers and staff, we endeavor to surround students with opportunities to grow and provide competent and trusted professionals to help guide them along the way. Our schools have gained regional and national recognition for educational success. Success in Briarcliff, however, is best measured one student at a time.

**The Briarcliff Schools continue to garner acclaim and recognition.** This year, Briarcliff High School joined both Todd Elementary and the Middle School as a National Blue Ribbon School of Distinction. In addition, for the second consecutive year, BHS was named the No. 1 High School program in Westchester County. Briarcliff Middle School was named a 2021-2022 Apple School of Distinction. And Todd Elementary School was one of several schools in our region to be cited for its commitment to social and emotional learning and its integration of mindfulness practices into the classroom.

## Capital Project News

- Phase 1 bidding has been completed
- Contracts have been awarded
- Work will begin this summer

Thank you to our families and parent volunteers for your support along the way. With your help, the District will continue to provide a broad array of educational activities and a warm, supportive and joyful environment for students to learn and to grow.

**The Briarcliff Manor School District is committed to a continued tradition of excellence.** The proposed budget would ensure that our students continue to be engaged, challenged, supported and prepared to meet the challenges of the 21st century. Working closely with our building principals to address the goals and priorities of each of the three schools, while maintaining our overarching District philosophy, the Board of Education is presenting a budget that provides for:

- Implementation of a new and enhanced reading program at Todd.
- New furniture in 56 classrooms districtwide.
- Expansion of engineering, computer science and robotics programming at the Middle and High school level.
- Increased social and emotional support and training for middle school students and staff.
- Overhaul of classroom HVAC systems districtwide.

Working below the New York State mandated tax levy limit, the Board of Education has adopted a budget of \$56,280,408 which represents levy increase of 2.75%. The budget vote will take place on Tuesday, May 17th. Please remember to exercise your civic responsibility and vote!

In addition to the information provided in this Newsletter, the District has created a more detailed Budget Book for your perusal. This resource represents the District's commitment to working collaboratively with the Board of Education, the community and staff in developing the proposed school budget. The Budget Book can be found on the District website or at the following link:

[bit.ly/Briar-Budget22](https://bit.ly/Briar-Budget22)

If our priorities are in the right place and we remain committed to the success of every student, we can be confident about our future as a school community. This year's budget proposal takes into consideration the academic, emotional, and practical needs of students as well as the District's fiduciary responsibilities. Mindful of each of these critical elements, we hope to create a sustainable path for renewal, improvement, and continued success into the 2022-2023 school year and for years to come.

Very Sincerely,

*Dr. James Kaishian*  
Superintendent of Schools

*Michael Haberman*  
Board of Education President

# Briarcliff Middle School

- BMS received an **Apple Distinguished School Designation**.
- The school introduced several new enrichment courses this year, including **Project Lead the Way** mini courses in grades seven (Medical Detectives) and eight (The Science of Technology). The school also added new opportunities for coding, world culture and social studies enrichment.
- Seventh graders visited **Teatown Reservation**.
- Several BMS seventh graders participated in a virtual leadership conference recently given by the **Human Rights Institute** for Middle School.
- Seventh graders raised over 100 brook trout in Jessica Loprieno's science class, as part of the "Trout in the Classroom" program.
- The Student Council held the **Souper Bowl**
- An art show, featuring art and computer art made by BMS students, was held at the **Briarcliff Manor Public Library**
- Student council organized spirit days throughout the year. This included the hugely popular **Ugly Sweater Day** on December 17.
- The school held a **virtual talent show** in April.
- The Greenhouse club organized a **coat drive** in November.
- In February's **Mathletes competition**, seventh grader Juliana Wang ranked 14 out of 99 participants from Westchester County. Eighth grader Ava Wu ranked 18 and eighth grader Matthew Epstein ranked 21.
- Students learned about **Dia de la Muerte** in late October. Seventh graders created "ofrendas" and sixth graders had a special day that included the movie "*Coco*" and enjoyed *churros y chocolate*.
- The school updated its Technology course in the related arts cycle with **Design and Modeling**. The course teaches the engineering process while students create "prototypes" to support children with cerebral palsy. This brings in the opportunity to build empathy.
- The school added a new sixth grade course in the related arts cycle called **Movement for All**.
- The school featured a different theme for each month built around SEL. In November, the guidance counselor invited students to write **notes of gratitude** to others.

Students wrote many notes and they were all delivered to the intended recipients.

- The school held two parent **"Coffee Hour"** meetings via the PTA. Most recently, the topic was around ways to keep our students safe. (The slides are on the website under School Information > School Presentations.)
- In addition to the art show at the public library, art teacher Jessica Dubin recently hung a display of students' paintings on the theme of "**people moving**" in response to the refugee crisis in Ukraine.

# Todd Elementary School

- Fifth graders participated in **Chalk the Walk** and used chalk to create Halloween-themed artwork.
- Fourth and fifth graders held their first **live music concert** in two years in the Todd Cafeteria during lunch.
- Author and illustrator **Brian Pinkney** visited second and third graders virtually and shared some of his favorite illustrations with the students.
- Kindergarten students had a live demonstration by the **Briarcliff Fire Department**.
- Todd Elementary hired a **new in-house STEAM teacher**, Amira Lahlouh.
- First graders had an online BOCES program about **animals in winter**.
- Students celebrated **Big Apple Crunch** and ate delicious apples to create awareness about New York State Apples.
- Award-winning children's author **Erin Entrada Kelly** visited fourth and fifth graders virtually and shared her books and writing process with the students.
- The entire school participated in **Kindness Week** in February.
- Todd students have been enjoying their **new GaGa pit** – a legacy gift from last year's fifth graders who moved on to Briarcliff Middle School. The school installed a rubber mat to make playing more comfortable.
- Todd Held the **Souper Bowl food drive**.
- Author **Juana Martinez-Neal** visited kindergartners and first graders in person. This was the first in-person author visit at the school in over two years.

- Students celebrated **"Read Across America"** by reading their favorite books individually, with partners or with the entire class.
- Todd students participated in the **"National Healthy Heart Challenge."**
- Todd fourth and fifth graders held a **spring concert** for band, orchestra and chorus.

# Briarcliff Celebrates DIVERSITY

The Briarcliff Manor Union Free District has been busy creating a school environment that reflects our diverse backgrounds and cultures

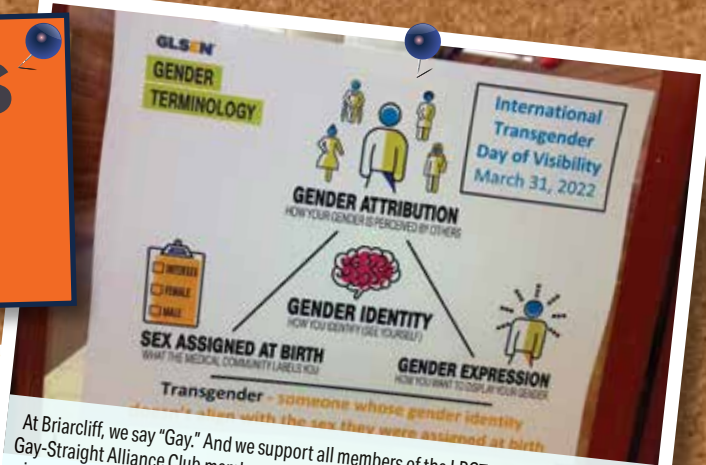

In honor of Martin Luther King Jr.'s birthday, members of the Student Coalition for Human Dignity at Briarcliff High School used chalk to write inspiring quotes and messages, as well as names of famous human rights activists on the sidewalk in front of the school.

Fourth-graders created dioramas and artifacts about Native Americans of the Eastern Woodlands, whose history goes back as far as 800 B.C..

At Briarcliff, we say "Gay." And we support all members of the LBGQ+ community. BHS's Gay-Straight Alliance Club members put up posters in the school hallways and handed out pins to students and staff to wear in support of International Transgender Day of Visibility.

Members of the Briarcliff High School Asian Club celebrated Holi, the Indian Festival of Colors. After learning about the holiday, which is also called "the Festival of Love," and "the Festival of Spring," students went outside to throw bright colored powder at one another.

Seventh graders in Johanna Foster's Spanish class created "ofrendas" (altars) for famous Hispanic people as they celebrated the Mexican holiday "Día de los Muertos," or Day of the Dead. They also created festive "máscaras" (masks) and "esqueletos" (skeletons) and brought in food samples such as "el Pan de los Muertos" (bread of the dead).

Members of Briarcliff Middle School International Club enjoyed presentations of various martial arts in honor of the Chinese Lunar New Year. Students taught club members about the origins of Karate, Taekwondo and Jiu Jitsu, as well as how to move up belts and earn stripes. Members also learned about food and traditional music and dance.

Third-graders in Therese Verderosa's class were inspired to dream big by the legacy and words of Martin Luther King's Jr. In honor of his birthday, they came up with their own messages to the world. "Dr King chose love over fighting. As educators, we have a chance to be a part of the bigger picture, the bigger message," Ms. Verderosa said.

"My color is beautiful. Don't refer to me and my people as the colored. We are black and proud," wrote senior Sarah Rose Diaz, in her "Artists as Activists" project. Students in "Drawing and Painting I" class at Briarcliff High School used posters to convey messages, selecting an issue that mattered to them and researching about it.

In honor of Black History Month, science teacher Shaniece Mosley created a large display of the period table of Black History. It include a short description of the person and a QR code for each of the "elements" so that students can scan with their phones and learn more

A seventh grader with Italian heritage brought cannolis to Nancy Kress's Culture Enrichment class. As part of their Family Heritage Project, students created PowerPoint presentations and brought food from their cultures to share.

Briarcliff High School Chorus students prepared for the winter concert by singing a song in Hebrew - "Kala Kalla" by Eric Whitacre. "When I prepare for concerts I like to have songs from at least two different cultures so instead of a traditional Hanukkah song I chose something with a different flavor," said chorus director John Banks

Everyone is a little Irish on St. Patrick's Day! Todd students wore green shirts and had fun activities on St. Patrick's Day.
