## Lindsey Schwartz Counselor Letter of Recommendation

I am excited to introduce to you... Lindsey Schwartz! It has been an absolute pleasure to work with her over the last four years. She is a confident and natural leader that exudes warmth, empathy, and gratitude. She has a smile that brightens every room she enters and a sense of humor that can lighten any situation. No matter what she pursues, she excels and becomes a leader among her cohort.

Academically, Lindsey works extremely hard. Her increasing GPA over the years is a testament to her hard work and dedication. Still, I do not believe she has hit her academic peak; she is still a rising star. Each year she has taken on more honors, college, and advanced placement level courses and has met each challenge with increased success. In addition to her traditional coursework, she has successfully participated in the College Science Research program since sophomore year. Her culminating research project examines the effect of coral symbionts on marine wildlife. Lindsey is passionate about the environment and was so excited to finally have room in her schedule to take AP Environmental science this year. Hearing her excitedly talk about potential solutions to the eroding polar ice caps is like hearing a "typical" teenager talk about the newest Justin Beiber song! Lindsey has also been a member of the Briarcliff Environmental Club for the last four years, holding the position of Vice Presidency sophomore year and club President junior and senior year.

Lindsey shines her brightest in her extracurricular activities. She is tremendously involved in the school and greater community. I have often wondered if she would be able to keep up with all of her interests and passions but she continues to strive and succeed in everything she does. Lindsey started with a Brownies troop in kindergarten and she has continued to remain in the Girl Scouts throughout high school. Sophomore year her troop was given the Visionary Award for their community service work in a homeless shelter in a neighboring town. The following year they were honored with the Gold Award, the highest award given to Girl Scouts, for their work helping pregnant teens and teenage moms earn their GEDs. Additionally, since 10<sup>th</sup> grade, Lindsey has spent her summers as a counselor at the Briarcliff Day Camp and this past summer she was promoted to the coveted head counselor position.

In school, Lindsey has been a member of the Student Government since freshman year. For her hard work and dedication, her classmates voted her as their Vice President for the past two years. During sophomore year Lindsey joined the Leadership club to build upon her already strong skill set as a leader. From this club she has become a stronger public speaker and a more confident decision maker in her role as a community leader. She has more recently become the secretary of the new Gay Straight Alliance club at Briarcliff and has been a mentor to the incoming freshman class as a junior and a senior. Athletically, Lindsey also excels, she has participated on the varsity tennis team since sophomore year had has been captain the last two years.

It is apparent that Lindsey has applied her broad and well-developed leadership skills to a variety of settings. She has an incredibly positive attitude and takes full advantage of the opportunities available to her. She does not wait for life to come to her, she chases it. I recommend this remarkable go-getter with my absolute strongest endorsement for admissions to your school. You will surely regret not having this wonderfully ambitious student as a member of your campus community.

Sincerely,  
Mr. Michael Muranelli  
School Counselor
