

BRIARCLIFF MANOR UNION FREE SCHOOL DISTRICT STORMWATER WEBSITE, REVISED, APRIL 12, 2013

STORMWATER WEBSITE OBJECTIVES

- Set up a Stormwater Website which should be accessible to all staff and students at the school
- This website will be used for posting newsletters and fact sheets and for publication of other stormwater related events

STORMWATER MANAGEMENT MISSION STATEMENT

On December 8, 1999, under the provisions of the Federal Clean Water Act, USEPA required operators of “small” public entities to develop programs to control stormwater discharges under their jurisdictions.

Accordingly, in June 2006, the BMSD filed a Notice of Intent to comply with the Phase II Stormwater Regulations. The Stormwater Management Program (SWMP), administered by the New York State Department of Environmental Conservation (NYSDEC), requires the BMSD to implement the following six (6) measurable goals to minimize pollutant runoff from stormwater discharges:

- Public Education and Outreach Program
- Public Involvement and Participation
- Elimination of Illicit Discharges
- Construction Site Stormwater Runoff Controls
- Post-construction Stormwater Runoff Management Controls
- Pollution Prevention and Good Housekeeping

SWMP STEERING COMMITTEE

In April 2013, under the guidance of Stuart P. G. Matthey, Assistant Superintendent for Finance & Operations, a **Stormwater Steering Committee** was established, consisting of the following members:

- **Stuart Matthey** - Steering Committee Chairman (914-941-8880 Ext 4016)
- **Anthony Bauso** - BMSD Stormwater Coordinator (914-432-8134)
- **Wellington J. Carvalho, P.E.**, CFE Stormwater Consultant (203-431-2683)

Overall Program Goals of Steering Committee are as follows:

- Communicate w/ District Community implementation actions taken on the current and ongoing SWMP
- Develop and monitor the schedule for implementation of the ongoing SWMP
- Identify resources (budget and staffing) required to implement the SWMP
